Background

1 The Karnataka Integrated Public Health Policy 2017 read at (1) above envisages attainment of the highest possible level of good health and well-being of all people in the State through a preventive, promotive, curative and rehabilitative healthcare orientation, with universal access to affordable and quality healthcare services to all, and inclusion of health in all developmental policies. The Policy also envisages that all the fragmented social insurance schemes be merged into a single health assurance plan to improve efficiency and outreach. The policy expects the State Government to develop robust and sustainable financing mechanisms by strengthening the public sector and harnessing private services (not-for-profit), to ensure that public services of the highest quality are maintained, keeping the public health interest in mind, whenever needed.

2. The Karnataka Vision 2025 Document read at (2) above envisions achieving Universal Healthcare through an equitable, accessible, affordable, qualitative and well governed health system for the people of Karnataka. The document aims to achieve this vision by strengthening and reforming public healthcare system to enhance its credibility, efficiency and effectiveness, establishing objective, transparent and unobtrusive regulations and regulatory mechanism for the private hospitals, and using technology for sector management from a service delivery perspective.

15/11/18

3. The National Health Policy read at (3) above envisages universal access to quality healthcare services without anyone having to face financial hardship as a consequence. The policy further envisages the following.

(i) Assuring availability of free comprehensive primary healthcare services for all aspects of reproductive, maternal, child and adolescent health and for the treatment of the most prevalent communicable, non-communicable and occupational diseases in the population.

(ii) Ensuring improved access and affordability, of quality secondary and tertiary healthcare services through a combination of public hospitals and well measured strategic purchasing of services in healthcare deficit areas, from private care providers, especially the not-for profit providers.

(iii) Achieving a significant reduction in out of pocket expenditure of healthcare costs thereby reducing the proportion of households experiencing catastrophic health expenditures and consequent impoverishment.

4. In order to achieve the goal of Universal, Equitable and Sustainable healthcare as envisaged in the Vision document "Arogya Karnataka" a Universal Health care Scheme was launched on 2/3/2018, wherein cashless treatments upto Rs. 2.00 lakh for specified treatments are provided based on eligibility criteria.

5. Similarly, in order to provide financial protection to poor and vulnerable families against catastrophic health expenditure and to reduce out of pocket expenditure for accessing health services due to hospitalization, Government of India has decided to roll out the Ayushman Bharat Scheme to provide holistic health care to all citizens including preventive health promotion as well as primary, secondary and tertiary care.

With this vision, the AB-PMJAY aims to help achieve the Sustainable Development Goals (SDG3) of providing Universal Health care (UHC). It will provide for cashless hospitalization services of upto Rs. Five lakh per family per year to over ten crore poor and vulnerable families (approximately 50 crore) beneficiaries.

6. Since both the schemes have the common goal, scope and similar modalities for providing specified treatments to the poor and vulnerable sections of society, integrating both the schemes and having a single scheme is inevitable. Implementation of both the schemes in a standalone mode will not be a workable

15/11/18

model due to the fact that it would be a difficult task to distinguish the beneficiaries of two schemes at the field level.

PREAMBLE :

7. The Universal Health Coverage (UHC) scheme, "Arogya Karnataka" as it is known was launched on 2.3.2018, with the goal of providing Universal Health Coverage, to all residents of the State, by way of providing 1530 specified healthcare treatments vide G.Os at Ref (1) and (3) above. Eligibility is based on Aadhaar card and the entitlement is based on the definition of the National Food Security Act 2013. For the "eligible patient" treatment is to be free or with a nominal user fee; with an assistance of Rs.30,000/- for Complex secondary care and up to Rs. 1.5 lakh per family, per year with an additional Rs. 0.5 lakh, per family in case of emergency, for Tertiary and Emergency care. For general patients, the Government will bear 30% of the cost of package rates.

8. Government of India has come out with a centrally sponsored scheme (CSS) called Ayushman Bharat - National Health Protection Mission, on 21.3.2018, later renamed as Pradhan Mantri Jan Arogya Yojana (PMJAY), to provide health protection to over 10 Crore poor families identified based on the latest Socio-Economic Caste Census (SECC) data/RSBY thus covering about 50 crore beneficiaries in the country. The Operational guidelines are at Ref (2) above. The financial cover provided under the scheme is Rs.5.00 lakh per annum per family.

9. The centrally sponsored Rashtriya Swasthya Bhima Yojane that was implemented in an insurance mode and was servicing about 62 lakh families who come under the 8 deprivation criteria has come to a close on 31/8/2018. It is this category of population, including those who are in the SECC data, that will now be the beneficiaries under the Ayushman Bharat-PMJAY scheme.

10. Since the State already has a Universal Health Coverage scheme "Arogya Karnataka" and Ayushman Bharat is a similar scheme of the Government of India albeit with a smaller coverage but higher financial assistance, it has been felt advisable to integrate both the schemes "Ayushman Bharat" and "Arogya Karnataka", to achieve operational efficiency.

15/11/18

11. The integrated scheme shall be called "Ayushman Bharat-Arogya Karnataka" and shall have common coverage, scope and implementation modalities under co-branding arrangements.

12. In the light of this integrated scheme necessary modifications and addendums of the Government Orders referred at (1) and (3) above are necessary. The amendments made in this G.O are to be read in conjunction with the Government Orders cited. Hence the following order.

Government Order No. HFW 69 CGE 2018
Bangalore, Dated 15.11.2018

Scope

1. Administrative approval is hereby accorded for providing Universal Health Coverage to all the residents of Karnataka by integrating the existing health scheme of the Government of Karnataka, "Arogya Karnataka" and Government of India health scheme "Ayushman Bharat".

The same name shall be used in all scheme documents, IEC material and communication with stakeholders and shall be referred to as an integrated health scheme of both Government of Karnataka and Government of India.

3. The integrated health scheme shall operate a revised list of procedures numbering 1628, that has been arrived at by combining and rationalizing the 1530 procedures in ArK and 1349 procedures in Ayushman Bharat by way of Primary health care, simple secondary health care, complex secondary health care, tertiary health care and emergency health care as specified in Annexures-1, 2A, 2B, 3 and 4 respectively attached to this order.

4. Universal health coverage as assured in this new scheme shall exclude the following categories of residents as they can avail healthcare through other schemes.

   a. Residents covered under Employees' State Insurance Scheme;

   b. Residents covered under health assurance or health insurance schemes of their employers;

-15/11/18
